

Clicker Training Seminar/Clinic for Horses

With Katie Bartlett

Learn how you can use clicker training to "solve" behavior problems, teach new behaviors and improve your relationship with your horse!

Saturday June 15: Seminar Session 6pm - 8pm

Sunday June 16: Clinic Starting at 9am

Location: Elysian Hill Farm, 181 Hill Road, Elverson PA

Both Seminar and Clinic: \$75

Auditors welcome both days: \$25

Includes light refreshments Saturday and lunch Sunday.

Saturday Topics:

- What is clicker training? A brief overview.
- Initiate and shape behavior.
- Choosing treats and feeding safely.
- Training game: Learn how to get started – practice training humans first!

Sunday Clinic: Work with your horse in 3 short, individual rotating sessions.

Katie Bartlett discovered clicker training in 1999 and has studied extensively with Alexandra Kurland, a pioneer in the development of clicker training for horses. You can find more about Katie on her website www.equineclickertraining.com. She also publishes regularly on her blog, <http://www.equineclickertraining.wordpress.com> and has written a book called "Teaching Horses with Positive Reinforcement," which is available from Amazon.
